

Key Stage 4 English Curriculum Overview

- The KS4 English Curriculum is taught through the Pearson Edexcel Exam board for Entry Level, Functional skills, and GCSEs. The programme delivered to each pupil is designed according to their agreed pathway to success from Entry levels to Functional Skills to GCSEs.
- The Entry level programme may begin in yr9 for pupils who are ready to begin their qualification journey. It will also be delivered to KS4 pupils who have not had the opportunity to complete a full KS3 programme (due to joining the school after a prolonged period of absence from previous schooling).
- The English Curriculum is structured to provide the skills needed for the Entry Levels and Functionals skills qualifications which are taught alongside the GCSE programme (*at the differentiated level appropriate for each student*) to provide a progressive pathway to the most suitable qualification for each individual student.
- The Edexcel GCSE Language Course is structured in a progressive tiered format which allows students the flexibility to move through the tiers to learn at a pace and level that is right for them, according to their learning needs and capabilities.
- The programme will be supplemented with additional support interventions from the ‘Let’s Think in English’ programme, the ‘Rapid Plus’ reading programme and the Skills for writing programme [*Pearson publications*].
